"To perpetuate the memory of our shipmates who gave their lives in the pursuit of their duties while serving their country. That their dedication, deeds and supreme sacrifice be a constant source of motivation toward greater accomplishments. Pledge loyalty and patriotism to the United States of America and its Constitution.

In addition to perpetuating the memory of departed shipmates, we shall provide a way for all Submariners to gather for the mutual benefit and enjoyment. Our common heritage as Submariners shall be strengthened by camaraderie. We support a strong U.S. Submarine Force.

The organization will engage in various projects and deeds that will bring about the perpetual remembrance of those shipmates who have given the supreme sacrifice. The organization will also endeavor to educate all third parties it comes in contact with about the services our submarine brothers performed and how their sacrifices made possible the freedom and lifestyle we enjoy today."

From Snipes Castle:

Aloha from Hilo, Hawaii.

Due to a family situation, I am currently in Hilo, Hawaii staying with my granddaughter. At present I will be here until mid-May so I have missed a lot of Perch Base activities, I am able to keep up via cell phone and email. Hilo gets an excess of 140 inches of rain a year, I had forgotten how much I disliked humidity, clouds, and drizzling rain. There was also a small earthquake which really got my attention.

Memorial Day is fast approaching and we all need to remember our purpose and creed and show up at the national cemetery for the Tolling of the Boats. This is probably the most important outside event that Perch Base and USSVI participates in every year. Put on your cap and vest and show some respect!

Congratulations to David Heighway on his election as Base vice commander.

Webmaster Dan Marks

The time frame in the spring is not usually very busy for Perch Base, but we defied the routine and did quite a bit this quarter. I have been posting updates for all our events. If you have not been a participant at our events, I hope you are at least checking the website to see what you missed. Activity with the website since the last MidWatch included the Pearl Harbor Remembrance Day wreath laying, the Dick Bernier Eternal Patrol Ceremony, the Annual Awards Banquet, the installation of additional bricks at the Arizona Silent Service Memorial and Joe Trotter's presentation at Naval Order of the United States Sea Services History Society. I posted additional photos for the Arizona Military Vehicle Show, the solar alignment at the Anthem Veterans Memorial, the Laveen Community Parade and the USS Arizona Legacy Foundation Launch. Photos were also posted of Perch Member participation in several Phoenix Navy Week events, including the Phoenix Navy Week Proclamation Ceremony and the Phoenix Navy Week Veterans Ceremony. Finally, photos were posted for David Heighway's installation as our new Perch Base Vice-Commander. Congratulations to Dave, who was previously our Event Coordinator, and thanks to Carl Miner for his service as the past Vice-Commander since April 10, 2021 (not to mention Carl's contribution as Chief of the Boat (COB) prior to that.)

Similar updates have been maintained on the Perch Base Facebook Page.

(continued on next page)

(Webmaster continued)

I am also the Webmaster for the Western Region Roundup, which will be in Silverdale, Washington on April 11 through 13, 2024. I hope many Perch Base members will also attend the Roundup to see what's happening in Bremerton.

Since the last MidWatch, there were 17,074 page views on the Perch Base website during 6,323 visits by 3,351 users based on Awstats. Most of the traffic was to the home page followed by the Glossary and the Sailing Orders. The majority of the page views were from the U.S., followed by Romania, China, then Russia. Our Facebook page Post Engagement (The number of reactions, comments, shares and clicks on your posts) was 705. Our Facebook page had 8 new Page Likes for a total of 182 and a 9 new Followers for a total of 215 Followers. All of these statistics are significantly higher, which appears to be influenced by the Phoenix Navy Week.

If you have any suggestions or input for the website, send an email to webmaster@perch-base.org.

February this year saw a return of Fleet Week to the Phoenix Valley. The USS Arizona Legacy Foundation sponsor several members of the USS Arizona SSN 803 Pre-commissioning Unit who participated in many of the event around town including the Launch ceremony for the Foundation held at the Arizona Heritage Center in Tempe. One the more moving moments during this ceremony was the presentation to Commander Tom Digan, the PCU's commanding office, a U.S. Navy Command at Sea Badge that was made from the metal recovered from a USS Arizona BB 39 artifact. The badge is to be worn by the current commanding officer of the SSN 803 and is to be passed on to their reliefs for the life of the boat.

You can follow the progress of the SSN 803 PCU by signing up for the USS Arizona Legacy Foundation newsletter "Deep Dive" at www.ussazlegacy.org.

Communications Chris Gahan

communications@perch-base.org

Normally, the early spring months are not that eventful for the base. Nevertheless that has not been the case. As the highlights on pages 11—16 demonstrate, we have been "endeavoring to educate all third parties it comes in contact with about the services our submarine brothers performed and how their sacrifices made possible the freedom and lifestyle we enjoy today." The wardroom appreciates the membership participation during these events but some new faces to these event would be even more gratifying.

The Base is also entering a phase were members of the Base Wardroom are either transferring to other duties or retiring. That means there is an opportunity for you to step up and volunteer to fill these open positions. The Base Commander on page 4 has highlighted those future needs. The upcoming annual picnic would be a great opportunity for any of you that are interested to inquire about any of the opening positions from of the present incumbents .

On this coming Memorial Day, May 27, the base will participate in a memorial celebrations at the National Cemetery. The program always includes a Fly-over, Presentation of the Colors from different veteran organization, guest speaker, and the wreath presentations and much more dignified prompt and circumstances. As this program is winding down, all attendees will be strongly encourage to attend the Perch Base "Tolling of the Bells" ceremony held at the USS Perch Torpedo memorial. Our Submarine Float will be there as an static display. The "Tolling" will not be just the boats lost in May but all the boats on eternal patrol. The feedback from attendees is always heartfelt and appreciative. This a great family event but don't forget to invite your neighbors and colleagues at work.

As always, I am on the prowl for articles, personal stories, cartoons, and photos that can be shred with the Perch Base membership. Don't withhold it , share it!

Passion

"There is no substitute for passion. If you don't have an intense burning desire for what you are doing, there is no way you'll be able to work the long hard hours it takes to become successful. Passion is a private grit. But it only works if you are good at what your are passionate about.

Surround yourself with people who are passionate about their roles. You'll catch their passion. You can't be passionate when you feel like it. You must be passionate about your job, product, or cause all the time."

Russian submarine breaks through the sea-ice. Photo: Russian Northern Fleet

Russian subs to sail more under Arctic sea-ice

Operations under the sea-ice will be one of the top priorities for our submariners in 2024, Russia's Northern Fleet underlines.

The nuclear submarine crews will undergo both theoretical and practical training and special attention will be given to under-ice operations of the strategic subs, the Northern Fleet informs. According to the fleet, valuable under-ice training was conducted in 2023 when the *Tula*, a Delta IV nuclear sub, for the first time made a launch from a new location in the Laptev Sea. The exercise "confirms the capacity of the strategic nuclear naval forces to resolve problems from any part of the Arctic," a statement reads.

(article continued on next page)

(article continued)

The Russian Navy has conducted comprehensive under-ice Arctic operations for decades. But the war in Ukraine and Moscow's increasingly hostile approach to its neighbors have made the activities more aggressive.

The Northern Fleet is based in Severomorsk, Kola Peninsula, and is the most powerful unit in Russia's Navy. It includes a significant number of nuclear submarines, among them two strategic subs of the Borei class.

Another three Borei-class vessels are under construction, the first one due to be handed over to the Northern Fleet in late 2024.

The Russian Pacific Fleet today includes five strategic Borei subs.

In August 2023, Russia's newest Borei-class sub, the *Generalissimo Suvorov*, set out from the Kola Peninsula and sailed through Arctic waters to the far eastern Vilyuchinsk base as part of its transfer to the Pacific Fleet. Major parts of the voyage was made under the Arctic sea-ice.

The Borei class vessels can carry up to 16 ballistic Bulava ballistic missiles.

GOOD OF THE ORDER

This "TEDDY" is awarded to recognize the unselfish, faithful, and devoted service of Carl Miner. Carl has served Perch Base over the years as COB and Vice-Commander. He unfailingly participated in our parades, static displays, and monthly meetings. Carl's performance is an example by which we all can pattern ourselves after.

" It is not the critic who counts, not the one who point out how the doer of deeds might have done them better. The credit belongs to the man or women who is actually in the arena, whose face is marred with sweat and dust and blood: who strives valiantly, who errs and comes short again and again: who knows the great enthusiasm, the great devotion and spends themselves in a worthy cause: who if they win, knows the triumph of high achievement: who if they fail, at least fails while greatly daring ,so that their place shall never be with those cold and timid souls who know neither victory nor defeat."

Theodore Roosevelt
