Perch Base shipmate Walt Blomgren is in Thunderbird Hospital following complications of a fall at home Thursday. Walt has several medical complications and this latest and resultant medications has left him in a constant sleep-like, near comatose, condition. Shipmate Blomgren's various physical ailments have left this latest complication as very taxing on the old Engineman and there is no positive prognosis right now.

Visitors are allowed and he is in the South Tower, 3rd floor, room 13.
