Subject: ASSM Upkeep & Maintenance

The State has approved the maintenance project for the ASSM. Painting of the submarine and chain rail/posts will occur on Monday and Tuesday 22 & 23 June by a commercial painter. The sub vet working party is scheduled for Wednesday 24 June starting at 0700. Our plan is to:

- Place one new engraved paver.
- Clean all plaques with water and scrub brushes.
- Clean bird droppings from the memorial wall and handrails.
- Sift the rock beds in front of the memorial to remove all debris and plant matter.
- Pull weeds and grass from the rock beds surrounding the memorial.
- Clean the paver area as needed using blower and brooms.

We do not have access to power or water for cleaning at the site, so we will need to bring our own. Please let Joe Trotter know if you plan on attending and what cleaning materials/containers of water you can provide. Joe's contact information
